Los Angeles County

Grantee: City of Long Beach

Amount Awarded: \$500,000.00

Grantee Contact: George Ker

CalRecycle Grant manager: Stephanie Young

Project Summary: The propose project will remediate a 4.5 acre parcel recently purchased by the City of Long Beach and formerly used for commercial and industrial purposes. The parcel is part of the Paramount Dump/East 55th Way Landfill (SWIS 19-AK-0084) which closed in accordance with requirements in effect at the time in 1948. Remediation activities will include construction and grading of a geomembrane-based final cover system with drainage and gas collection layers. Additional components will include, as required by the South Coast Air Quality Management District (SCAQMD), capability for a low-flow landfill gas blower and carbon treatment system including tie-in with vent wells located on an adjacent City-owned parcel. The project will allow for future expansion Davenport Park to its full extent (Phase I and II) providing public use and addressing a long-standing need to improve public health and welfare for the surrounding disadvantaged community.

Total Awarded for County:\$500,000.00

Grant Count: 1	Grand Total for Selected Counties: \$500,000.00
